Further information on fees may be obtained in Part 1, Subpart G of the CFR or in the Commission's official decision implementing the Congressional Schedule of Charges. This decision is published

PART A

METHOD OF PAYMENT

DO NOT SEND CASH. Payment of fees must be made by a *single* remittance (check, bank draft, money order or credit card). If paying by check, bank draft or money order, your remittance must be denominated in U.S. dollars, drawn on a U.S. financial institution and made payable to "FCC". Applicants located in foreign countries should contact their local bank to determine which U.S. financial institution they are affiliated with and if that institution will allow transfer of funds. No postdated, altered or third-party checks will be accepted. Checks will not be accepted if issue date is older than six (6) months.

Payment of fees, fines and other debts may be made by Wire Transfer, ACH Debit and ACH Credit. To obtain more information about electronic payment, please contact the FCC's Credit and Debt Management Center at (202) 418-1995.

FCC FORM 159 - REMITTANCE ADVICE

The FCC Form 159, Fee Remittance Advice (July 1997 edition) must accompany any payment of fee to the FCC. FCC Form 159 is required with all payments in order for the Commission to comply with the Debt Collection Improvement Act of 1996.

REFUNDS

Requests for refund of a fee paid to the FCC must be made in writing to: Federal Communications Commission, 1270 Fairfield Road, Gettysburg, PA 17325-7245. Refunds will not be made in cases where the fee for a service is lower for a previous year than the fee paid under the current fee schedule. To comply with the Debt Collection Improvement Act of 1996, the Commission is required to provide your Taxpayer Identification Number to the U.S. Treasury upon generating a request for refund. To avoid delay, please include your Taxpayer Identification Number with your written request for refund to the FCC.

The refund process usually takes four (4) weeks depending upon the complexity of the request. Once a refund request has been approved, it is forwarded to the U.S. Treasury in San Francisco, California, where a check is issued. For further information on the return or refund of monies, refer to CFR 47, Part 1, Sections 1.1113 and 1.1160 of the Commission's rules.

FEE WAIVERS

The required fee must accompany all fee waiver requests. Attach a detailed explanation indicating why you feel a fee waiver is justified. The filing should be submitted in accordance with the instructions for that type of filing as indicated in Part B of this guide. The request will be referred to the Office of General Counsel for review and legal determination and you will be notified of their decision. These decisions are also published monthly in the Federal Record and in FCC Docket 86-285. If a fee waiver is granted, the fee paid will be refunded.

COURIER OR HAND DELIVERY OF APPLICATIONS

The mailing addresses for feeable and non-feeable applications are provided in Part B of this guide. If you wish to hand carry or courier your feeable application to Pittsburgh, it should be enclosed in a sealed envelope with the appropriate Post Office Box address from Part B of this guide, clearly marked on the outside. If you are filing applications for multiple post office boxes, they must be enclosed in separate envelopes for each Post Office Box address. These envelopes may be delivered to the FCC's lockbox agent at the following address:
Federal Communications Commission

c/o Mellon Bank
525 William Penn Way
27th Floor Room 153-2713
Pittsburgh, PA 15259
Attn: Wholesale Lockbox Shift Supervisor

Although feeable applications may be hand delivered to the Pittsburgh location 24 hours a day, 7 days a week, the formal filing date of an application will be either the date it was delivered, if that day was a regular FCC business day, or the next regular FCC business day, if the delivery date was a weekend or FCC holiday.

APPLICATION FORMS

Several manufacturers place application forms and applicable information in radio equipment boxes. The forms received in your radio equipment box may be outdated and reflect erroneous information causing delay in the processing of your application. AUCTIONED LICENSES

Initial License Applications. Auction winners file with the Bureau a "long form" application, FCC Form 601 "FCC WIRELESS TELECOMMUNICATIONS BUREAU APPLICATION FOR RADIO SERVICE AUTHORIZATION" shortly after an auction closes. There is no application fee associated with the initial long form application, or amendments to same.

Post-grant License Applications. Once an initial auctioned license has been granted to a winning bidder in an auction, all subsequent post-grant license applications may require a fee as described in this fee guide. Specifically, if there are fees applicable to incumbent licensees in a given radio service, the same fees will apply to auction winners. For specific fee amounts, see the individual sections of this guide addressing the specific radio services.

Note that there are no application fees for any type of application or request regarding the Personal Communications Service (PCS), the Wireless Communications Service (WCS) or Local Multipoint Distribution Service (LMDS).

ELECTRONIC RENEWAL FORM 900 **(for services not yet converted to the Universal Licensing System)**

Electronic filing for renewal of radio station license is available online via the WTB Electronic Commerce page on the Internet at <http://www.fcc.gov/wtb/electcom.html> (click on *Production Page for Electronic Commerce Applications* to access FCC Form 900). FCC Form 900 is a generic form used for electronic filing of FCC Forms 313R (Broadcast Auxiliary - Remote Pickup and Low Power), FCC Forms 405A and 574R (Land Mobile), FCC Form 452R (Marine Coast and Aviation Ground) and FCC Form 405B (Ship). Filing instructions are available by clicking on the item number on the Internet form. Only licensees who have licenses that are in the renewal window (within 120 days of expiration) are able to access their call sign and submit an electronic renewal application. ***The electronic Form 900 cannot be used to file for a renewal if the license has expired or for radio services that have been converted to the***

Universal Licensing System. FCC Form 159 and payment information are provided online for electronically filed applications.

UNIVERSAL LICENSING SYSTEM/REGISTERING TIN

The Wireless Telecommunications Bureau is in the process of implementing a Universal Licensing System (ULS) for all wireless services. ULS is an integrated database and automated processing system which will support electronic filing of applications and other filings associated with applications (i.e. amendments, waiver requests, transfers and assignments of licenses, licensee ownership information, etc.), collection of licensing information and public access to such information. The Commission is replacing eleven separate WTB licensing databases with this new integrated licensing system. The radio services are gradually being converted to ULS and public notices are being issued with specific instructions as each radio service migrates to the new system.

As of the beginning of September 1999, the following radio services have been converted to ULS: Part 22 Paging and Radiotelephone, Offshore, Cellular, Aircraft, General Mobile Radio Service (GMRS), Amateur, Microwave (including Common Carrier and Broadcast Auxiliary Aural and TV Microwave), and all auctioned licenses. The remaining services will be converted to ULS in the coming months.

As of the beginning of September 1999, applications can be submitted electronically via ULS, but fees must still be paid through the methods described in this guide. Upon submitting applications electronically via ULS, the applicant receives a confirmation of the fee(s) due (if any) for the application and is instructed to print FCC Form 159 directly from ULS. The applicant must remit payment as described in this guide within 10 calendar days of submitting the application, or the application will be dismissed. In the near future, the Bureau anticipates providing an online credit card payment option via ULS.

In order to avoid processing delays and dismissal due to insufficient fees, the Bureau recommends that applicants filing feeable applications via ULS observe the following:

-2-

- (1) Use the ULS-generated FCC Form 159;
- (2) Pay the amount specified by ULS;
- (3) Submit fee payment in a timely manner;
- (4) Submit only one instrument of payment (e.g., a check) for each FCC Form 159;
- (5) If paying by credit card, be sure to complete Section F of FCC Form 159; and,
- (6) Mail or deliver FCC Form 159 and payment to the proper address.

See Wireless Telecommunications Bureau Provides Fee Payment Checklist for Applicants Using the Universal Licensing System, *Public Notice*, DA 99-1411 (released July 19, 1999).

For further information regarding the Universal Licensing System (ULS), go to the ULS home page at <http://www.fcc.gov/wtb/uls>.

PART C

INFORMATION ABOUT REGULATORY FEES

The Federal Communications Commission, by Congressional mandate, implemented a regulatory fee schedule to recover costs incurred by the Commission relative to policy and rulemaking actions, as well as its enforcement, user information and international activities.

The regulatory fees do not currently apply to Amateur Radio Services (except Vanity call signs), governmental entities, Civil Air Patrol, Commercial Radio Operator Permits and Licenses, Non-commercial Educational Broadcast stations, Special Emergency & Public Safety Radio Services, modifications of existing authorizations unless that modification results in a renewal or reinstatement for which a regulatory fee is required, and non-profit entities. Non-profit entities must provide a current Determination Letter from the Internal Revenue Service when filing documentation for non-profit status under IRS Code Section 501.

These regulatory fees will be assessed annually and will apply to those licensees and entities which benefit from the Commission's regulatory activities, other than licensing or application processing functions. Among the services affected by these fees are the Mass Media Services and Commercial Mobile Radio Services (CMRS). The regulatory fees for Mass Media and Commercial Mobile Radio Services (CMRS) are paid on a predetermined date established by Public Notice (See Public Notices issued August 2, 1999 regarding FY 1999 payments). The regulatory fees for other Wireless Telecommunications Services are paid in advance to cover the term of the license and are submitted along with the application fee at the time the application is filed. See Part B of the Wireless Telecommunications Bureau Fee Filing Guide for additional information on the Wireless Telecommunications Services regulatory fees.

Regulatory fees may be adjusted annually by the Commission pursuant to Section 9 of the Communications Act 47 U.S.C. 159.

See next page for information on filing the annual regulatory fees for the Mass Media and Commercial Mobile Radio Services (CMRS).
